Did you know?

Jesus performed over 37 miracles including making blind people see and deaf people hear again.

R.E. skills and knowledge

Jesus is an extremely important man to all Christians as he symbolises hope. Jesus is the Son of God and was born in a stable in Bethlehem. He is considered special to Christians because he had healing powers and he went to heaven when he died. Christians read the Bible to learn about Jesus. Jesus had incredible healing powers as he was able to make blind people see again and he taught people how to be good citizens. Jesus was quite popular and the Romans thought he was a threat to their empire so they arrested him. They put him on a cross and crucified him even though he hadn't done anything wrong. Christians wear a cross necklace to remember the sacrifice Jesus made to make the world a better place.
