Liverpool Maths Party Day

Dear Parents/Carers,

We are delighted to share that our school will be taking part in the **Liverpool Maths Party** on **Friday 17th October 2025** - a city-wide celebration coordinated by the Liverpool Learning Partnership. This annual event is a fantastic opportunity to shine a spotlight on the vital role that Maths plays in our everyday lives and to promote positive attitudes towards the subject across all age groups.

This year's theme is all about **Liverpool and Maths** - encouraging families to explore mathematical ideas together in fun and creative ways. To kick off the celebrations, we're inviting all children to come to school dressed as their **favourite number or pattern**. This could be anything from a bold geometric design to a costume inspired by a lucky number, a shape, or even a mathematical symbol. We can't wait to see the imaginative outfits they come up with!

Throughout the day, children will take part in a range of engaging Maths-based activities tailored to their year group. These will include hands-on challenges, puzzles, games, and creative tasks designed to deepen their understanding of numbers and mathematical concepts. The aim is to help children see how Maths connects to the world around them - from art and nature to music and technology.

If you have any queries, please let your child's teacher know.

Thank you for your continued support,

Miss Gillespie
Maths Leader
